## WHY A FRIENDSHIP RUN?

Today many people have hundreds, if not thousands, of friends through social media. However, are those truly your friends? Simply put, friendship is defined as two or more people who support each other throughout life. Friends and acquaintances support each other through the challenges of life and share their life experiences. Although we may have some friends that are on social media, many are not friends who have our best interest at heart.

S2S Facts mission is "Building tomorrow's future today" and committed to the four cornerstones of the organization to support that mission. In honor of International friendship day, S2S Facts is hosting it's anticipated annual 5K Friendship Fun Run on July 27th at 7am in Pooler Ga. at the Tanger outlet. **The run route is certified by (USATF)**, the National Governing Body for track and field, long distance running, and run walking in the United States. The objective is to inspire and celebrate the importance of friendship in diverse cultures while promoting peace, health, wellness, and community.
